ACTnow's Note

We are 3 days away from Chinese New Year ! ACTnow wishes our Chinese community a great weekend ahead, hopefully all preparation has been done and you are ready to celebrate your new year ! Do remember to spend prudently and help those in need ! Not to forget, keep your social distancing and follow SOP !

Apart from that, this is indeed a special week too, for ACTnow, as we have received a few responses on pothole issues which local councils have resolved upon receiving the issue from us. We would like to give credits for the reporters for your effort in sending us the report. Take a look at one of the resolved reports below :

#actnowpotholes Challenge !

Kudos to the DBKL for such amazing work at Jalan Peel, Maluri near to Sunceway Velocity Bridge and NSK. This report's discussion between ACTnow and DBKL proceeded on 13 Jan 2021 as per ticket number **MY0001518** and the reporter notified us that the work has been completed on 18 January 2021 as per ticket number **MY0001589**.

ACTnow has come across a brief conversation with one of the local councils to understand that it takes a multiple level of approvals especially in terms of financial allocation, before proceeding towards planning, investigating, scheduling, engaging contractors and completing the work. Furthermore, the scheduling will then depend on the severity of potholes amongst the reports received. Hence, the period of resolving the issue may vary. This is also why the Works Ministry has specially mentioned the time taken to resolve a pothole issue will vary depending on the size of the potholes. If it is 200mm or below, the filling of potholes will take within 24 hours. ACTnow would like to thank all the relevant parties for working hard and making it possible for us to take a step closer towards Zero-Potholes Policy.

DBKL in the progress of fixing potholes

Do not forget to join #actnowpotholes challenge by simply taking a video or 5 images using ACTnow mobile application and set #actnowpotholes as its title. ACTnow would like to contribute by setting these issues as priority to help achieve the Works Ministry's "Zero Potholes" initiative. Be the eyes of communities and send us the reports, from there ACTnow will take over on your behalf to resolve the issue. Join #actnowpotholes challenge now !

Issues you should know

ACTnow Hot Issue Facebook live tonight will be postponed until further notice due to Covid cases detected in our collaborative studio partner's office.

Daily Open Burning Happening in KL !

- Kampung Kuantan , KL
- Dewan Bandaraya Kuala Lumpur

- Dewan Bandaraya Kuala Lumpur

Witnessing this scene on a daily basis near your house makes you want to shut your windows and never want to get out. This is an inconsiderate act which causes pollution and affecting public health and potentially respiratory issues in the neighbourhood.

Dubious car wash operating directly beside an eatery.

- Jalan Kosas, Taman Kosas
- Majlis Perbandaran Ampang Jaya
- MY0001605
- Illegal/Dubious Business

Available on :

- Illegal/Dubious Business
- Jalan Kosas/Taman Kosas
- Majlis Perbandaran Ampang Jaya

A car wash is operating directly beside an eatery, is this a way to add "flavours" to the food through the steam and mist from the car wash? This is indeed doubtful on whether the businesses there are operating with or without legal license.

Dormant or abandoned project by the local council?

- Taman Cheras Permata 2
- Majlis Perbandaran Kajang
- MY0001612
- Public Interests

Available on :

- Public Interests
- Taman Cheras Permata 2
- Majlis Perbandaran Kajang

Grown plants around this project spiked up the suspicion of one of our users on whether it is dormant or abandoned. It appears to be in the center of the road blocking part of both lanes, and the plants around it suggest that it has been in this state for a bit of time.
