ACTnow's Note

Happy Chinese New Year!

The ACTnow team wishes everyone prosperity and abundance in the Year of the Ox. May this year bring you the best of health, wealth and happiness. Remember to stay safe while celebrating, and don't forget to join ACTnow, and together we make Malaysia a beautiful and safe home!

Extension of MCO 2.0 has been announced until 18 February with stricter SOPs due to daily 4-digit cases being recorded. This is an extremely worrying situation, hence the government has made an announcement on new SOPs during Chinese New Year. Many may not be happy with the restrictions applied on gathering and visiting family members during this festive season, however it is understandable that the situation is in dire need of control to prevent even more cases. Hence, ACTnow would like to urge the public to be patient and let's work together to flatten the curve!

On 2 February 2021, Senior Minister for Security and Minister of Defence, Dato' Sri Ismail Sabri bin Yaakob urged the public to report any SOP violators to help contain the spread of Covid-19. This is due to many who do not oblige to the SOPs set and potentially contributes more to the number of cases. Some individuals have been seen uploading their gatherings onto social media during this MCO period.

26 January 2021, in the period of MCO 2.0, this restaurant is caught serving dine-in at the coffee shop. Upon reporting, Lance Corporal Fatah visited the restaurant to give a stern verbal warning to the owner of the restaurant - Photo from ACTnow's report MY0001642

Ismail mentioned that reports can be made by contacting police directly or go to nearest police stations. ACTnow would also like to offer its help through its mobile application, the public can snap a photo of the violators and it will be forwarded to the relevant party to make investigations and take actions, at the same time stay anonymous upon reporting.

The reporter claimed that for the entire two years residency in said place, this road has always been filled with leaking water. Selangor has been going through some tough times due to multiple water shortages in 2020, I guess Johor Bahru must have some extra water to spare to allow this to happen for two years.

"How could this happen in the first place?" commented shockingly by one of our users in this report. This pedestrian walkway is seen to be a dumping spot for some of the residents around the neighbourhood.
