## ACTnow's Note

On 11 March 2021, a report was made to ACTnow regarding a questionable Covid's SOP in SJK(c) Connaught 2 in Bandar Damai Perdana Cheras, Selangor. Parents were seen gathering outside of the school after school hours without any SOP and this deeply concerns the said school and volunteered to assist in arranging and implementing the SOP, however it was rejected. Recently, the reporter updated ACTnow that there have been positive cases detected in this school.

Similar situation happened in SJK(C) Puay Chai 2, Bandar Utama when six students were tested positive and 11 teachers were home-quarantined. Parents are unsure if it is safe to send students to school due to weak SOP practises as there were no transparency nor written black-and-white stating the procedures to be taken to ensure safety. Parents, too, were not told what to do if their children's classmates were tested positive.

The headmistress, Soh Swee Koon was commended by the school's parent-teacher association chairman for applying a school closure to the Health Ministry, however it was rejected as the government did not consider it to be a Covid-19 cluster. However, on April 13, the district education office took action by ordering the school to immediately close down and move all classes online.

ACTnow does not wish the same fate happening to other schools as it is a crowded place from all sorts of places. SOPs are extremely important to manage the crowd of pupils and parents waiting before and after school. Otherwise, it will create a cluster which undoubtedly will spread to the entire area instantly. Most importantly, children and elderly at home are greatly at risk as well.

On a side note, Bazaar Ramadhan are operating in multiple places, these are the most-visited places during this festive season, please ensure that SOPs are in place, social distancing is applied, and most importantly, wear mask at ALL times! Prevention is better than cure, stay safe everybody!

Is this a road in Puchong or Karak Highway in the middle of the mountain? A main road in Bandar Puteri Puchong does not have any working street light at all and is definitely affecting the visibility of the drivers.

A trio is spotted smoking in a restaurant where the "No Smoking" sign is not being placed, as the reporter claimed. The law has been enforced since 1 January 2019, however there are still many selfish people who do not care about the law and at the same time putting other people's health at risk. This is definitely something that needs to be stopped.
