Report (MY0002948) - Taken from ACTnow Community Mobile App

Through one of our walkabout at SEA Park, Petaling Jaya on 22nd May 2022, we found that massive concretes are being placed on the road acting as a blockage to the residents. However, ACTnow found that, after listening to the stories from the residents, this is a tactic used by the new developer company which has taken over the area, to block the residents from accessing the road, after all the residents have purchased their homes. This, to ACTnow, is a form of bully and is unfair to the resident, hence, we reported the issue.

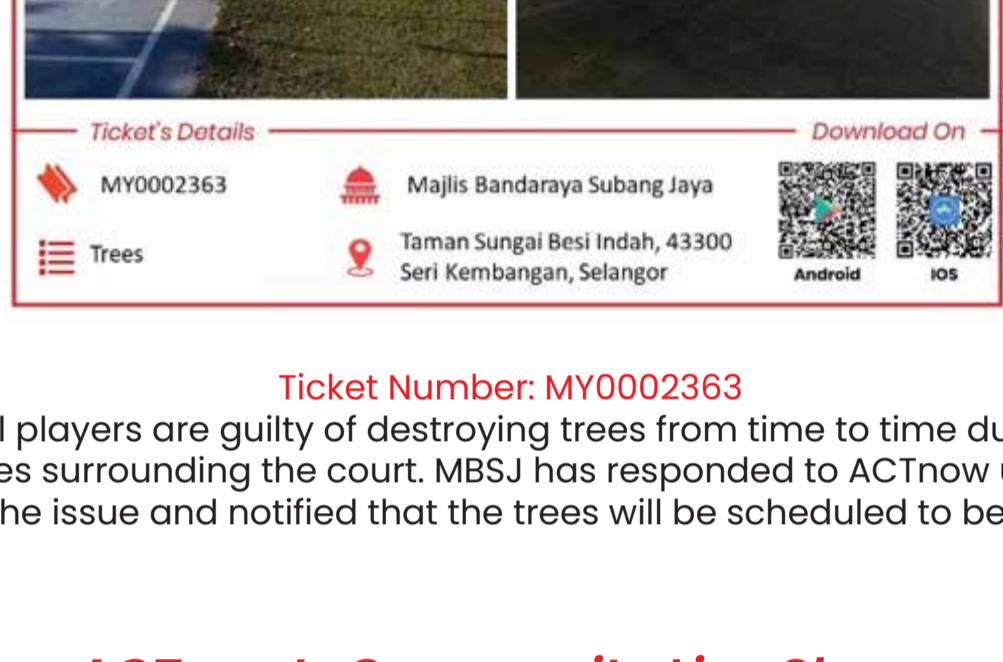

Spoken to En Nizam from MBPJ, a meeting will be arranged between the council officer, the developer and the residents as well as the owner of the premise who placed the obstacles to discuss and resolve the problem once and for all. Hopefully MBPJ will be taking this matter seriously and free the residents from such bully and inconvenience.
