Ticket Highlight

Ticket Number: MY0002569

En Wan from TNB responded to ACTnow and informed that the installation of the wire was done by him a few months ago because it was broken after hit by an object used during a festival there. The height of the wire installed is according to the standard for the building structure in the area and to install it higher, it may damage the structures (heritage buildings) and need to get approval from MBPP.

Ticket Number: MY0002406

Referring to the ticket number MY0002406, the reporter mentioned that MPKJ has only repaired the drains but not upgraded the side walk pavements and as the response for this ticket, MPKJ notified that the said location is unsuitable for the provision of pedestrian walkways because it is not the original walkway for pedestrians. However, MPKJ will ensure that other upgrade and cleaning work will be done according to schedule around the area.
